

CHALKTALK

Lake Nona High School

Lake High School is part of Orange County Public Schools, the 11th largest school district in America, and enrolls over 3000 students grades nine through twelve. More than half the students at this school are low income and more than 70% are minority.

182 points

Average SAT score improvement for students enrolled in ChalkTalk

5.2x more improvement

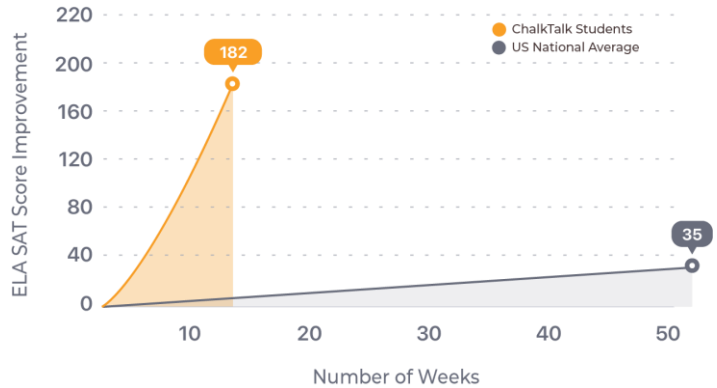

than the national average SAT score improvement (35 points)

77% less time

than the national average SAT score improvement period results achieved in 12 weeks vs 1 year.

Results reported by "Growth"

Impact Study Methodology

Students start by completing an official SAT practice test. Based on the results of the practice test and the school's implementation schedule, ChalkTalk generates an adaptive blended learning curriculum for each class in the school schedule—whole group instruction materials, small group practice and instruction, and individual practice exercises are generated for each class. Upon completing the ChalkTalk program, students then take another official SAT practice test. This impact study reports on both "growth" and "proficiency" using the scores from these two official practice tests.

SAT[®]

Results reported by "Proficiency"

Based on the College-Readiness benchmarks, the following color-coding was used to create the pie charts below:

- : Student is behind by 2 or more grade levels.
- : Student is behind by 1 grade level.
- : Student meeting the benchmark of the current grade level.

58% of Active students that participated in the ChalkTalk program improved by one or more grade levels.

Quotes

“We’ve been trying to improve our SAT scores for years. This year, all we did is add ChalkTalk and we raised our concordant scores by 19%

Ms. Donielle Gregory, Lake Nona High School,
Orange County Public Schools, Vice Principal
