## Impact Study Methodology

Students start by completing an official SAT practice test. Based on the results of the practice test and the school's implementation schedule, ChalkTalk generates an adaptive blended learning curriculum for each class in the school schedule—whole group instruction materials, small group practice and instruction, and individual practice exercises are generated for each class. Upon completing the ChalkTalk program, students then take another official SAT practice test. This impact study reports on both "growth" and "proficiency" using the scores from these two official practice tests.

## Results reported by "Proficiency"

Based on the College-Readiness benchmarks, the following color-coding was used to create the pie charts below:

- : Student is behind by 2 or more grade levels.
- : Student is behind by 1 grade level.
- : Student meeting the benchmark of the current grade level.

66% of Active students that participated in the ChalkTalk program improved by one or more grade levels.

## Quotes

“It’s a one-stop shop where our teachers are able to teach our students important ELA and Math skills they wouldn’t have gotten otherwise.

Cheryl Lundy Swift, Principal

“Not only do I teach the students, but ChalkTalk does itself.

John Russo, Teacher

“It’s like a second teacher. ChalkTalk makes sure that I understand a concept completely.

Malia Forrest, Student
