

# CHALKTALK

## Windermere High School

Windermere High School is a high school in Orange County District, one of the ten Largest School Districts in America.

The high school has an enrollment of 2,186 students in grades nine through twelve, of which 51% are minority.

### 101 points

Average SAT score improvement for students enrolled in ChalkTalk

### 2.9x more improvement

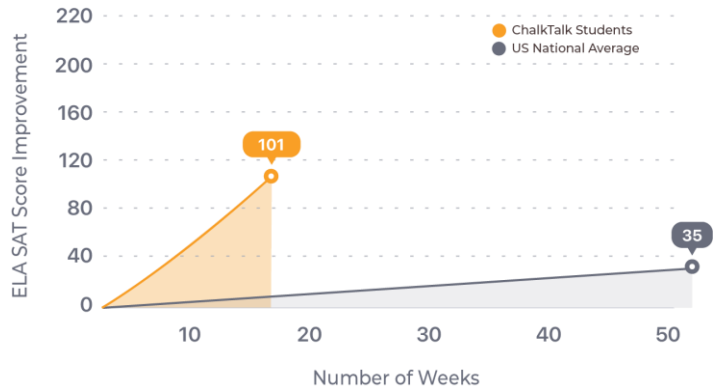

than the national average SAT score improvement (35 points)

### 70% less time

than the national average SAT score improvement period results achieved in 16 weeks vs 1 year.

## Results reported by "Growth"

## Impact Study Methodology

Students start by completing an official SAT practice test. Based on the results of the practice test and the school's implementation schedule, ChalkTalk generates an adaptive blended learning curriculum for each class in the school schedule—whole group instruction materials, small group practice and instruction, and individual practice exercises are generated for each class. Upon completing the ChalkTalk program, students then take another official SAT practice test. This impact study reports on both "growth" and "proficiency" using the scores from these two official practice tests.

# SAT<sup>®</sup>

## Results reported by "Proficiency"

Based on the College-Readiness benchmarks, the following color-coding was used to create the pie charts below:

- : Student is behind by 2 or more grade levels.
- : Student is behind by 1 grade level.
- : Student meeting the benchmark of the current grade level.

32% of Active students that participated in the ChalkTalk program improved by one or more grade levels.
